

✓ Carpa Magică is a premium, unique, eco-friendly, microfiber cleaning cloth with unique cleaning properties, designed for cleaning.

✓ Say goodbye to all the cleaning solutions and paper rollers you've been using to clean your home. Start cleaning smarter, cheaper, faster and healthier with the new Carpa Magică!

✓ Without any detergents, using only water, Carpa Magică wipes and cleans any kind of surface, successfully removing fingerprints, grease, soap and dust stains, leaving the house clean and sparkling!

What makes it special compared to a normal cloth?

Unlike a normal washcloth (wet or dry), Carpa Magică has unique cleaning properties.

- cleans surfaces without detergents, using only water.
- stop using all kinds of detergents (abrasive, toxic)
- avoid damaging and scratching sensitive surfaces such as screens - TV, laptop, monitor, fridge, cooker, cooker display - all touch screen surfaces, glossy furniture.
- gets rid of allergies caused by chemicals in cleaning products.
- It contains no chemical additives, is non-toxic and hypoallergenic, and is recommended for people sensitive to chemical compounds in cleaning products.
- leaves no traces or residue, has an extra fine texture, wipes and absorbs grease and is an ECO alternative for cleaning the home.

Dirt, fingerprints and all kinds of grease disappear in a single movement!

Can I use Carpa Magică on glass and window surfaces?

Get rid of the stress of cleaning windows in your home or apartment. With the help of the Carpa Magică you will have your windows and mirrors clean and shiny in just a few minutes, because you will no longer use special window cleaners, alcohol, wet/dry mops, various cloths or paper rolls.

Carpa Magică cloth cleans quickly and easily, just with water, any type of glass surface: windows and glass (home and car), knick-knacks, mirrors, glass from induction hobs, shop windows, shower cubicles, etc.

On which objects and furniture surfaces can I use Carpa Magica?

Perfectly cleans furniture from any kind of grease, dust or fingerprints, using only water: bookcase, shelves, cupboard, door, table, chairs, paintings.

Can I wipe ceramic surfaces?

Yes. Carpa Magica cleans without special detergents, using only water, all surfaces such as tiles, stoneware, granite, marble or stone as well as sanitary ware and dishes.

Removes steam marks, leaving a perfectly clean shine.

Can I use it to clean sanitary objects, faucets and water taps?

Yes. Cleans and restores shine to bathroom and kitchen faucets and water taps. Cleans enamel, chrome, stainless steel and aluminium objects.

For hygienic reasons, we recommend to use a magic cloth for each room (bathroom and kitchen).

And for cleaning household appliances?

Carpa Magica removes grease and dirt from all kitchen appliances. Cleans hob, oven, hood, cooker, fridge.

Cleans and removes dust from TV, laptop, monitor and screens.

Can I use Carpa Magica in the car?

Yes. Car windows, interior (dashboard, plastic surfaces, trim) and exterior clean perfectly, just with water, sparkling clean.

Carpa Magica is also successfully used in car washes.

What does ECO mean?

Money ECOonomy:

By using Carpa Magica to clean your home, you don't have to buy additional detergents to wipe and clean: windows, cookers, stove, oven, fridge, sanitary ware (toilet, sink), faucets (bathroom and kitchen)

ECOfriendly:

It is reusable, machine washable and has a lifespan of up to 2 years of daily use.

What is it made of?

Carpa Magica is a microfibre cleaning cloth. The fibres in the dense structure of the cloth are 200 times thinner than human hair, giving it elasticity, tear resistance and an ultra-fine, velvety texture that is pleasant to the touch. It retains seven times its weight in dirt (it absorbs 400% of liquids and 825% of grease).

Fast drying time and resistance to intensive washing.

After repeated washes, the cloth improves its performance.

Can it also be used for professional use?

It is suitable for both domestic and professional use (hotels, cafes, bakeries, restaurants, offices, car washes and services, kindergartens/schools, industrial premises, fitness rooms, etc.).

Instructions for use:

Rinse / Soak the cloth in tap water, squeeze very well and clean / polish the desired surface. If, after wiping, you notice slight traces of water, just wait for it to evaporate!

Recommendations for use and maintenance:

- To avoid destroying it, DO NOT use soaking solutions after washing (e.g. fabric softener) and do not dry it on any heat source (e.g. radiator).
- Do not tumble dry.
- Maximum washing temperature is 30 degrees C.
- Do not use on hot, unfinished or sharp surfaces.
- We recommend you to follow these recommendations in order to use Carpa Magica at its true performance for a long time.
- Addictive after the first use! You can use it up to 2 years of daily use!

Do you find what you read incredible? Don't worry, we'll refund your money in full, including the cost of shipping if you're not happy with Carpa Magica.
